

Codex Las Huelgas Discography

Compiled by Jerome F. Weber

This discography of Codex Las Huelgas (E-BUlh) has been compiled with reference to the facsimile and edition published by Higinio Anglès (Barcelona, 1931). The compilation has been in progress for many years, and it has now been formatted to match the Du Fay and Josquin des Prez discographies on this website. The works are listed alphabetically and identified by the index numbers in the Anglès edition. The recordings are arranged chronologically, citing conductor, ensemble, date of recording if known, and timing if available. Following is the issued format (78, 45, LP, MC, CD, SACD), the label, the issue number(s) and album titles.

One hundred twenty out of 141 polyphonic pieces have been recorded. Acknowledgement is due to the discography of sonusantiqua.org for additional entries and to Agnieszka Budzińska-Bennett for assistance.

Additions and corrections may be conveyed to the compiler for inclusion in a revised version of the work. Go to Chantdiscography.com and click on 'contact us'. A scan of a CD booklet that provides needed data would be invaluable.
