

# Codex Chantilly Discography

Compiled by Jerome F. Weber

In its original form, this discography of the Codex Chantilly, MS 564 was dedicated to Clifford Bartlett for the 166 issues of *Early Music Review* and published in the final print issue (No. 166, June 2015). A number of additions and corrections have been made. This version has been formatted to match the Du Fay and Josquin des Prez discographies on this website. The works are listed alphabetically and identified by the index numbers in the facsimile edition published by Brepols in 2008. The recordings are arranged chronologically, citing conductor, ensemble, date of recording if known, and timing if available. Following is the issued format (*ac*, 78, 45, 33, LP, MC, CD, SACD, *DVD*), the label, the issue number(s), album titles and track numbers.

Ninety-six out of 112 titles have been recorded. A composer index has been added at the end. Acknowledgment is due to Todd McComb's website, [www.medieval.org/emfaq](http://www.medieval.org/emfaq), and Michael Gray's website, [classical-discography.org](http://classical-discography.org) for details of some entries.

I am grateful to the individual who supplied additional entries (December 2020).

November 2016; revised January 2019; revised November 2019; revised May 2020; revised December 2020; revised June 2021

In the same series: discographies of composers and subjects ranging from the 12th to the 16th centuries.
