

# Johannes Ockeghem Discography

Compiled by Jerome F. Weber

This discography of Johannes Ockeghem builds on the work first published in *Fanfare* in September 1980, only the third in a series that began with Machaut and Dufay. It has been refreshed from the original records and newly reformatted to match the Du Fay and Josquin des Prez discographies previously posted on this website. Additional entries, mainly those that lack timings and verses, were found in [www.medieval.org/emfaq](http://www.medieval.org/emfaq), compiled by Pierre-F. Roberge and Todd McComb. Michael Gray's [classical-discography.org](http://classical-discography.org) has furnished many details.

Works are listed alphabetically in three groups: Masses, Motets and Songs. The recordings of each work are arranged chronologically, citing conductor, ensemble, date of recording if known, and timing if available; then the format of the recording (*ac*, 78, 45, 33, LP, *45LP*, LP *quad*, MC, CD, SACD, *DVD*), the label, and the issue number(s). Each recorded performance is indicated, if known, as: with instruments (*w/i*), no instruments (*n/i*), or instrumental only. Album titles of mixed collections are added with CD disc/track number (*t.*) or LP side/band number (*b.*). The first five recordings (through 1952) are numbered.
